Take your translation career to the next level

Are you an English-to-Latam Spanish translator with experience in the video gaming industry? Do you have an ear for translating creative content alongside careful attention to technical detail? Are you able to manage your own workload as part of a vibrant multinational project team?

If you can answer “yes” to these three questions, we’d love to hear from you. At Alpha, we’re looking for qualified translators experienced in translating creative games material from English into Latam Spanish who can keep up with the fast-pace of technology and client demands.

The role

Working from our Barcelona office, we’re looking to hire people who are passionate about games and gaming. You’ll take pride in your own work but also appreciate a collaborative approach, occasionally going the extra mile to keep a client happy or a colleague smiling. You’ll be comfortable handling a variety of linguistic tasks including translating, reviewing, post-editing, updating glossaries, creating style guides, and coming up with creative slogans or content that really engage with the target culture.

As a qualified translator, you’ll have an eye for detail, excellent organisation skills and an ability to prioritise your workload when working under pressure. Successful applicants will be involved with in-game and website content, marketing copy and everything around games translation. If you have creative or copywriting talent – even better!

You’ll be using CAT tools on a daily basis, and you won’t have time to get bored. You’re bound to love the international atmosphere, comradeship and great cultural experiences of your work environment.
